Report on 2-day Training session on “Question Paper Uploading process in ERP

Date: 22nd & 23rd September 2025 (Monday and Tuesday).

Time : 2:00 PM to 5:00 PM.

Venue : R607, R-Block.

Resource persons:

- 1) Dr. B. Chaitanya Krishna, Assoc. Dean -OBE & E, KLEF.
- 2) Dr. E. Vamsidhar, Assoc. Dean -OBE & E, KLEF.

The Academic Staff College (ASC), in association with the Office of Dean Academics, organized a two-day training session on the Modified “**Question Paper Uploading Process in ERP**” on 22nd and 23rd September 2025 from 2:00 PM to 5:00 PM. The programme was planned with the objective of equipping faculty members, particularly course coordinators, with a clear understanding of the revised ERP-based question paper uploading system. This initiative was undertaken to enhance the efficiency, accuracy, and security of the examination process by standardizing procedures and minimizing errors in digital submissions.

The session was facilitated by the resource persons, Dr. B. Chaitanya and Dr. E. Vamsidhar, Assoc. Deans of Academics, KLEF who provided a detailed demonstration of the modified ERP interface and its functionalities. They systematically explained the updated workflow, highlighting the improvements made in the system to ensure better usability and data integrity. The training emphasized the importance of following proper protocols while uploading question papers, considering the sensitive nature of examination-related data. Participants were

guided through the entire process in a step-by-step manner, enabling them to understand each stage involved in the submission and verification of question papers.

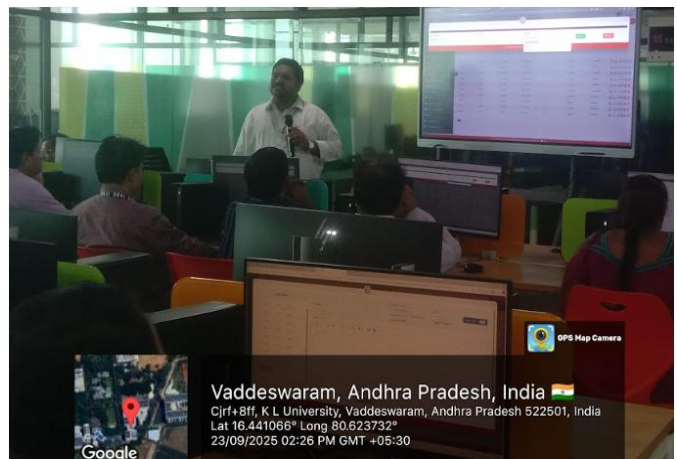

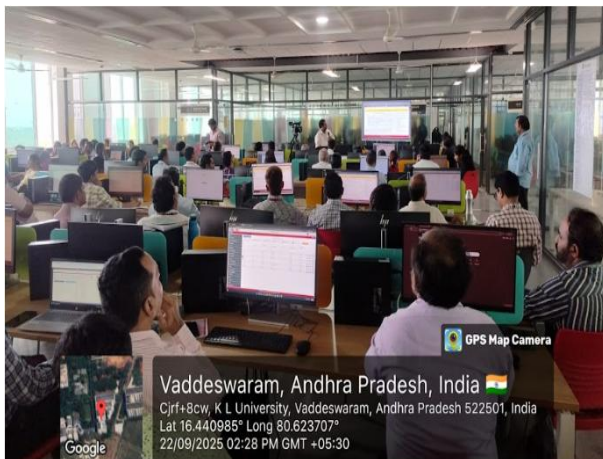

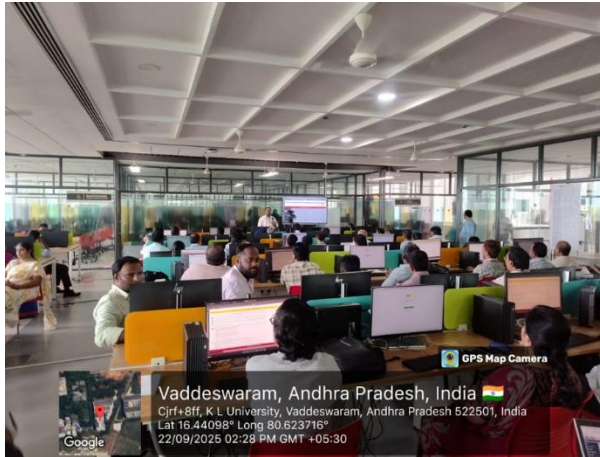

Principal, Academic Staff College, Dr. Radhika Rani Chintala giving introductory speech

A significant component of the training focused on practical exposure and hands-on learning. Faculty members actively participated in the session by working on the ERP system, which helped them gain confidence in handling the updated process. The resource persons addressed common errors encountered during uploading and provided troubleshooting techniques to resolve such issues effectively. In addition, best practices were shared to ensure compliance with institutional examination guidelines, including maintaining confidentiality, adhering to timelines, and verifying document accuracy before submission.

The interactive nature of the session allowed participants to raise queries and discuss challenges faced in real-time scenarios. The resource persons responded with clarity and offered practical solutions, making the training highly engaging and beneficial. The programme also facilitated knowledge sharing among faculty members from different departments, promoting consistency in the implementation of the revised process across the institution.

The session not only enhanced the technical proficiency of the participants but also contributed to strengthening the overall examination management system within the institution.
