

Orders of Honourable Vice-Chancellor Dt. 20-06-2026

CIRCULAR

Subject: Faculty Development Programme on “WEB3 WITH BLOCKCHAIN” by Professor of Practice Mr Abhinav Garg, Hyperledger Healthcare SIG Co-Chair, for Faculty members of Cohort E09, in association with Academic Staff College, KLEF Vaddeswaram campus – Communication – Reg. .

Ref: Letter from Dr. K. Ch. Sri Kavya, Director Alumni Relations .

This is to inform all faculty of KLEF Vaddeswaram campus that as part of Professor of Practice Program in association with Academic Staff College, **Mr Abhinav Garg**, Hyperledger Healthcare SIG Co-Chair, will be visiting KLEF to conduct Hands-on-training for faculty members of Cohort E09 of Vaddeswaram campus, as detailed below:

Date : 24/06/26 TO 27/06/26

Venue : Rose hall

Time : 9:30 AM to 12.30 PM.

Heads of Departments – School of Computing are requested to encourage their faculty to participate and benefit from the program.

List of Faculty members to attend the program is attached herewith.

Poster is attached herewith.

All **Cohort E09 Faculty members of “WEB3 WITH BLOCKCHAIN”** are directed to attend the upcoming session of the **Professor of Practice Program**.

REGISTRAR

Mail & Hard copy to: Dr. K. Ch. Sri Kavya, Director Alumni Relations

Mail to: Mail & Hard copy to: Hon'ble President, KLEF

Mail to: Hon'ble Vice-Presidents, KLEF

Mail & Hard copy to: Hon'ble Pro Chancellor

Mail & Hard copy to: Hon'ble Vice-Chancellor

Mail & Hard copy to: Pro Vice-Chancellors

Mail to: Chief Coordinating Officer-Dr.A. Jagadeesh

Mail to: Special Officer -Dr.A. Vani

Mail to: All Advisors / All Deans / All Additional Deans / Controller of Examinations / All Sr.Directors / All Directors / All Principals / All Vice-Principals

Mail to: KL H - Principal Off Campus Centre, Aziz Nagar Campus / KL H - Principal Off Campus Centre, Bowrampet

Mail to: All HoDs of Vaddeswaram campus

Mail to: All HoDs of Off-campus Centres-Aziz Nagar & Bowrampet , Hyderabad

Report on Faculty Orientation Program on "WEB3 with Blockchain" (under PoP for Cohort-E09)

Organized by: KL Alumni Relations in Association with Academic Staff College (ASC)

Date: 24-06-2026 to 27-06-2026.

Venue: Rose Hall, C-Block

Resource Person: Mr. Abhinav Garg, Hyperledger Healthcare SIG, Co-Chair

Introduction

The Academic Staff College (ASC), in association with KL-Alumni Relations, organized a Faculty Orientation Programme on “**WEB3 with Blockchain**” under the Professor of Practice (PoP) initiative for Cohort-E09 from 24-06-2026 to 27-06-2026.

The programme was designed to provide faculty members with exposure to emerging Web3 technologies and blockchain-based applications and to strengthen their understanding of decentralized technologies and their relevance to next-generation digital solutions. The sessions were delivered by Mr. Abhinav Garg, Co-Chair, Hyperledger Healthcare SIG, who shared industry-oriented perspectives on the evolving Web3 ecosystem and the application of blockchain technologies across diverse domains.

Around 43 faculty members from the E-09 cohort actively participated in the programme.

Programme Details and Session Coverage

The orientation programme focused on developing a comprehensive understanding of the fundamental concepts, technological architecture, and practical applications associated with Web3 and Blockchain.

The sessions combined conceptual discussions with practical demonstrations, enabling participants to relate emerging technologies to real-world digital solutions.

Understanding Web3 and Decentralized Technologies

The programme introduced participants to the concept of Web3 and the broader transition towards decentralized digital ecosystems. The discussions helped faculty members understand the fundamental principles underlying decentralized technologies and their potential to transform the way digital services, applications, and interactions are designed.

The resource person provided an industry perspective on the growing relevance of Web3 and its applications across different domains, enabling participants to appreciate the technological and practical significance of decentralized systems.

Blockchain Architecture

A key component of the orientation was an introduction to blockchain architecture. Faculty members gained an understanding of how blockchain-based systems are structured and how decentralized networks facilitate secure and transparent digital transactions and data management.

The discussions helped participants develop conceptual clarity regarding blockchain as an enabling technology within the wider Web3 ecosystem and its potential applications beyond conventional financial use cases.

Smart Contracts

The sessions also covered smart contracts, highlighting their role in enabling programmable and automated operations within blockchain environments.

Participants were introduced to the relevance of smart contracts in developing decentralized solutions and gained an appreciation of how automated, blockchain-based processes can support applications across different sectors.

Decentralized Applications

Another important area of the programme was decentralized applications (dApps). The discussions provided faculty members with an understanding of how applications can be developed using decentralized technologies and blockchain infrastructure.

Through practical discussions and demonstrations, participants were able to appreciate the relationship between blockchain architecture, smart contracts, and decentralized applications in building emerging digital solutions.

Web3 Ecosystem and Emerging Applications

The programme further explored the evolving Web3 ecosystem and its potential applications across various domains. The resource person highlighted the growing role of decentralized technologies in shaping next-generation digital platforms and services.

The industry-oriented perspective enabled participants to understand the broader possibilities of Web3 technologies and encouraged them to consider their relevance to academic teaching, student projects, research activities, and emerging technology-oriented curricula.

Practical Discussions and Demonstrations

A significant feature of the programme was the inclusion of practical discussions and demonstrations. These activities complemented the conceptual sessions and helped faculty members gain a more practical understanding of how blockchain and Web3 technologies are applied.

The demonstrations provided participants with an opportunity to connect theoretical concepts such as decentralization, blockchain architecture, smart contracts, and decentralized applications with their potential implementation in real-world scenarios.

The interactive nature of the sessions encouraged faculty members to engage with the resource person and explore the practical relevance of these technologies in different domains.

Faculty Interaction and Learning

The programme provided faculty members with an opportunity to interact with an experienced professional associated with the blockchain ecosystem. The engagement enabled participants to gain insights into emerging technological trends and understand the practical relevance of Web3 and blockchain beyond purely academic discussions.

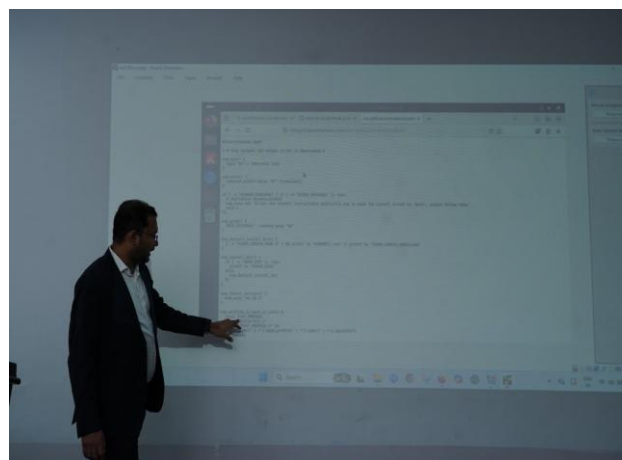

The industry exposure was particularly useful in helping faculty members connect emerging technologies with current and future requirements in digital technology. The sessions also encouraged participants to consider ways in which Web3 concepts could be integrated into classroom teaching, academic projects, research, and student skill development.

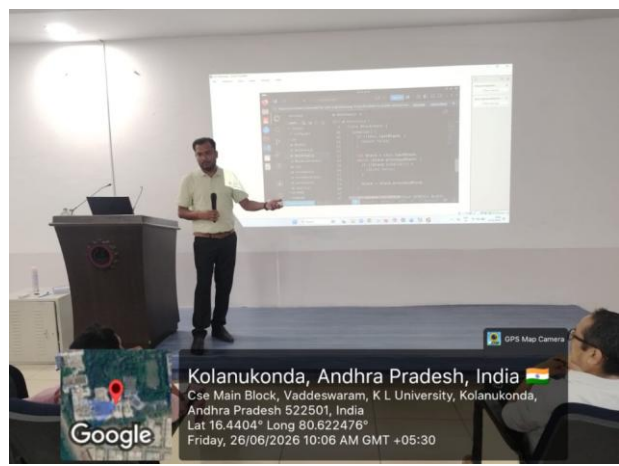

Key Outcomes of the Programme

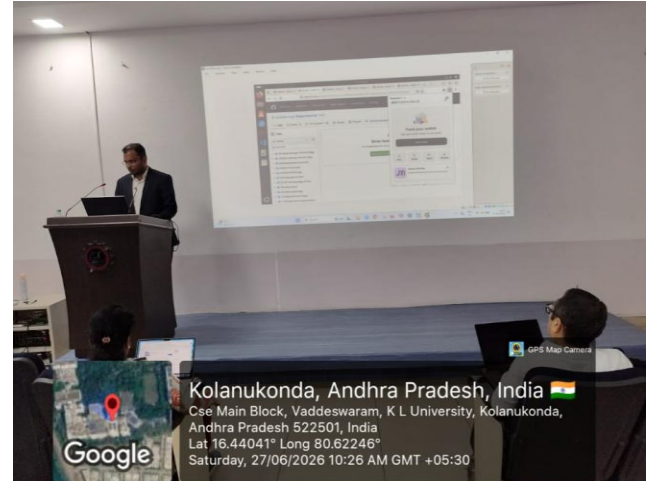

The Faculty Orientation Programme contributed to the professional and technological development of participating faculty members. The key outcomes included:

- Enhanced understanding of Web3 and decentralized technologies.
- Improved conceptual clarity regarding blockchain architecture and its applications.
- Exposure to the role and significance of smart contracts in blockchain-based systems.
- Understanding of decentralized applications (dApps) and their relevance to Web3.
- Greater awareness of the evolving Web3 ecosystem and emerging technological possibilities.
- Exposure to practical applications of blockchain technologies through discussions and demonstrations.
- Better appreciation of the relevance of blockchain and Web3 in next-generation digital solutions.
- Strengthened interaction between academic faculty and industry expertise through the Professor of Practice initiative.
- Opportunities for faculty members to relate emerging Web3 technologies to teaching, research, academic projects, and student skill development.

Photos

Conclusion

The Faculty Orientation Programme on “WEB3 with Blockchain” successfully provided the E-09 faculty cohort with valuable exposure to emerging decentralized technologies and their applications. The programme addressed important areas including Web3 concepts, decentralized technologies, blockchain architecture, smart contracts, decentralized applications, and the evolving Web3 ecosystem.

The sessions delivered by Mr. Abhinav Garg, Co-Chair, Hyperledger Healthcare SIG, provided participants with an industry-oriented perspective and helped bridge the gap between academic understanding and practical technological developments. The inclusion of practical discussions and

demonstrations further enhanced the learning experience and enabled faculty members to appreciate the relevance of blockchain technologies in next-generation digital solutions.

With the active participation of **43** faculty members, the programme contributed to faculty capacity building and technology awareness while advancing the objectives of the Professor of Practice initiative. The collaborative efforts of the Academic Staff College and KL-Alumni Relations provided a valuable platform for industry–academia interaction and continuous professional development in emerging technology domains.
