ACTIVITIES

A poster for a Python Workshop. The background is light blue with a circuit-like pattern. At the top left is the Python logo (two snakes, one blue, one yellow) followed by the text 'PYTHON WORKSHOP' in large, bold, dark blue letters. Below this is a dark blue square containing a glowing blue Python logo and a laptop. A circular seal in the top left of this square says 'Certificates will be provided'. To the right of the square, the dates '15th & 16th JUNE 2021' are written in blue. Below the dates are two circular portraits of men. Under the first portrait is the text 'Dr. Siva Kumar .P Assoc Professor Dept. of CSE'. Under the second portrait is the text 'Dr. V. UDAY KUMAR Assistant Professor Dept. of CSE'. At the bottom left, a white box contains the text 'Registration link: <http://bit.ly/PYTHONWORKSHOP>'. At the bottom right, the text 'Contact : +91 93923 64504 +91 91211 92811' is displayed. At the very bottom, a red bar contains social media icons for Facebook, Instagram, and YouTube, followed by the text '/klefcea'.

Resource Persons:

1. Dr. Siva Kumar. Pathuri, Associate Professor, Dept. of CSE, K.L.E.F.
2. Dr. V. Uday Kumar, Asst. Professor, Dept. of CSE, K.L.E.F.

A Python workshop was conducted at KLU Virtual Class with Dr. Siva Kumar Pathuri, Associate Professor, and Dr. V. Uday Kumar, Assistant Professor, both from the Department of Computer Science and Engineering (CSE) at K.L. University (KLU), as the facilitators. The workshop aimed to engage faculty members from various departments and enhance their proficiency in Python programming.

The workshop commenced with an introduction to Python, covering its versatility and applications in various domains. Participants were guided through fundamental concepts such as variables, data types, loops, and functions. Hands-on sessions allowed attendees to apply their learning in real-time, fostering practical skills.

Throughout the workshop, Dr. Siva Kumar and Dr. V. Uday Kumar provided insightful explanations and demonstrations, ensuring clarity and understanding among participants. Interactive discussions enabled participants to address queries and delve deeper into advanced topics like object-oriented programming and libraries.

Total 250 faculty had attended the program

Dr A Srinath

Principal – Academic Staff College
