

PRACTICING CLOUD COMPUTING WITH AWS-PHASE1 FDP

Organized by

Academic Staff College, KLEF

16-08-21 To 21-08-21

Academic Staff College of KLEF organized a event practicing cloud computing with aws-phase1-fdp

A workshop titled "Practicing Cloud Computing with AWS - Phase 1" was conducted with Mr. Stephen Samuels as the main resource person. The workshop was organized in collaboration with Dr. Mukesh Kumar, Dr. S. Soma Raju from NIT Patna, Dr. C. Pavan Kumar from IIIT Dharwad, and Dr. Sanjay Kumar Panda.

Workshop Objectives:

- **Introducing Cloud Computing:** Providing an overview of cloud computing concepts, benefits, and AWS services.
- **Hands-on Practice:** Offering practical sessions to participants for hands-on experience with AWS cloud services.
- **Understanding AWS Architecture:** Explaining the architecture and components of AWS to enable participants to design and deploy cloud solutions effectively.
- **Use Case Scenarios:** Presenting real-world use cases and scenarios to demonstrate the application of AWS services in solving practical problems.

- Q&A and Discussions: Facilitating interactive sessions for participants to ask questions, share insights, and engage in discussions with the resource persons.

Outcome:

Participants gained valuable insights into cloud computing and AWS services through theoretical sessions and practical exercises. The workshop fostered a deeper understanding of cloud concepts and equipped participants with the skills required to leverage AWS for various applications. Additionally, collaborative efforts between the resource persons from different institutions enriched the learning experience and provided diverse perspectives on cloud computing.

Overall, the workshop on Practicing Cloud Computing with AWS - Phase 1 was a success, laying a strong foundation for participants to further explore and implement cloud solutions in their respective fields.
