“IDENTIFICATION OF PEOPLE WITH PARTIAL OXYGEN SATURATION LEVELS AND AWARENESS.”

DATE: 15/09/2023

TIME: 10:00 AM

VENUE: KLEF

OBJECTIVES:

The event on "Identification of People with Partial Oxygen Saturation Levels and Awareness," organized by Dr. Sukeerthi on September 15, 2023, aimed to educate and raise awareness among the participants. With 30 participants, 20 faculty members, and 15 volunteers from KLEF, the objectives of the event were to inform attendees about the importance of monitoring oxygen saturation levels, recognize symptoms of partial oxygen saturation, and provide guidance on appropriate responses and interventions. The event also aimed to equip faculty members and volunteers with knowledge and skills to assist in identifying and addressing potential issues related to oxygen saturation among students and staff.

DESCRIPTION:

The event focused on educating attendees about the significance of monitoring oxygen saturation levels and raising awareness about identifying symptoms of partial oxygen saturation. Dr. Sukeerthi facilitated informative sessions and practical demonstrations that equipped participants with the knowledge to recognize potential signs of oxygen deficiency and respond effectively. The event emphasized the importance of early detection and appropriate intervention strategies to ensure the health and well-being of individuals with compromised oxygen saturation levels within the university community.

OUTCOMES:

The 30 participants, including 20 faculty members and 15 volunteers, gained a deeper understanding of the importance of monitoring oxygen saturation levels and recognizing symptoms of partial oxygen saturation. Dr. Sukeerthi's presentations and practical demonstrations successfully equipped attendees with the knowledge and skills necessary to identify early signs of oxygen deficiency and take appropriate actions. The event fostered a sense of preparedness among faculty and volunteers, enabling them to contribute effectively to the health and safety of the university community by promoting awareness and implementing proactive measures. Overall, the seminar enhanced

participants' ability to support individuals with potential oxygen saturation issues, ensuring a more health-conscious environment at KLEF.
