“Identification of People with Diabetes and Awareness”

Date: 14/11/2023 (Tuesday)

Timings: From 10:00 AM

Venue: KL University, Vaddeswaram (In-house)

Objectives

- ✓ To raise awareness about diabetes and BP its risk factors among students and faculty.
- ✓ To equip participants with the knowledge to identify early symptoms of diabetes.
- ✓ To promote the adoption of healthy lifestyle practices for diabetes prevention and management.
- ✓ To encourage proactive health screening and regular monitoring among participants.

Description

The event "*Identification of People with Diabetes and Awareness*" aims to address the increasing prevalence of diabetes by educating students and faculty members about the disease. The program will include interactive sessions on understanding diabetes, identifying its symptoms, and adopting preventive measures. Trained health professionals and faculty coordinators will guide the participants through the process of diabetes risk assessment. Practical demonstrations and informational sessions will help attendees understand the importance of early diagnosis and healthy habits. This outreach initiative aligns with KL University's commitment to promoting health and well-being among its community.

Outcomes

1. **Increased Awareness:** Participants will gain a comprehensive understanding of diabetes, its types, symptoms, and risk factors.
2. **Health Screening Knowledge:** Attendees will learn techniques for early identification of diabetes.
3. **Healthy Lifestyle Promotion:** The event will inspire students and staff to adopt dietary and physical activity changes to prevent diabetes.
4. **Empowered Community:** The knowledge shared will enable participants to spread awareness, contributing to a healthier campus environment.
5. **Informed Action:** Participants will be encouraged to seek regular medical advice and screenings to ensure timely management.
