WEBINAR ON SAFETY, SECURITY & THREAT AWARENESS

Date : 14/08/2021

Time : 10:00 A.M to 1:00 Noon

Venue : Virtual Mode, KLEF

OBJECTIVES

The primary objectives of organizing a webinar on Safety, Security, and Threat Awareness are to educate and empower participants with essential knowledge and skills to enhance their personal safety and security in an increasingly complex and digital world. This webinar aims to raise awareness about potential threats and risks in various contexts, provide practical tips and strategies for prevention and mitigation, foster a sense of vigilance and preparedness, and ultimately contribute to creating safer and more secure environments for individuals, communities, and organizations.

DESCRIPTION

The theme of the two webinar is “Safety, security & threat awareness” webinar has started by Dr. S. V. N. L. Lalitha. Meeting started with introduction of resource persons (Ms. TANU SRIVASTAVA) she is advisory consultant IBM, WICSP Delhi chapter lead and (Ms. Swathi Sharma) Compliance lead, WICSP Delhi chapter.

A cyber predator is an adult who uses the internet to exploit children and/or teens with the intention or inflicting sexual, emotional, psychological, or financial abuse.

Identity theft is the illegal use of someone else’s personal information to steal money or credit.

Resource person gave a brief description on cyber hygiene, cyber predators, cyber bullying, identity theft and some general awareness tips that we have to follow while browsing and so on.

If you have own email account, let your parents know if you ever receive an email that asks for your personal information. Some emails look official, as if they ask for your personal information.

The average age kid’s sign up for social media accounts is 12.6 years. It is easy to imagine how this adds to engineering attacks .The nature of social media enables cybercriminals to target young users in many innovative and effective ways. At last she gave some points that we have to remember there are like malware, clean desk policy, passwords and authentication, social engineering, removable media, etc.,

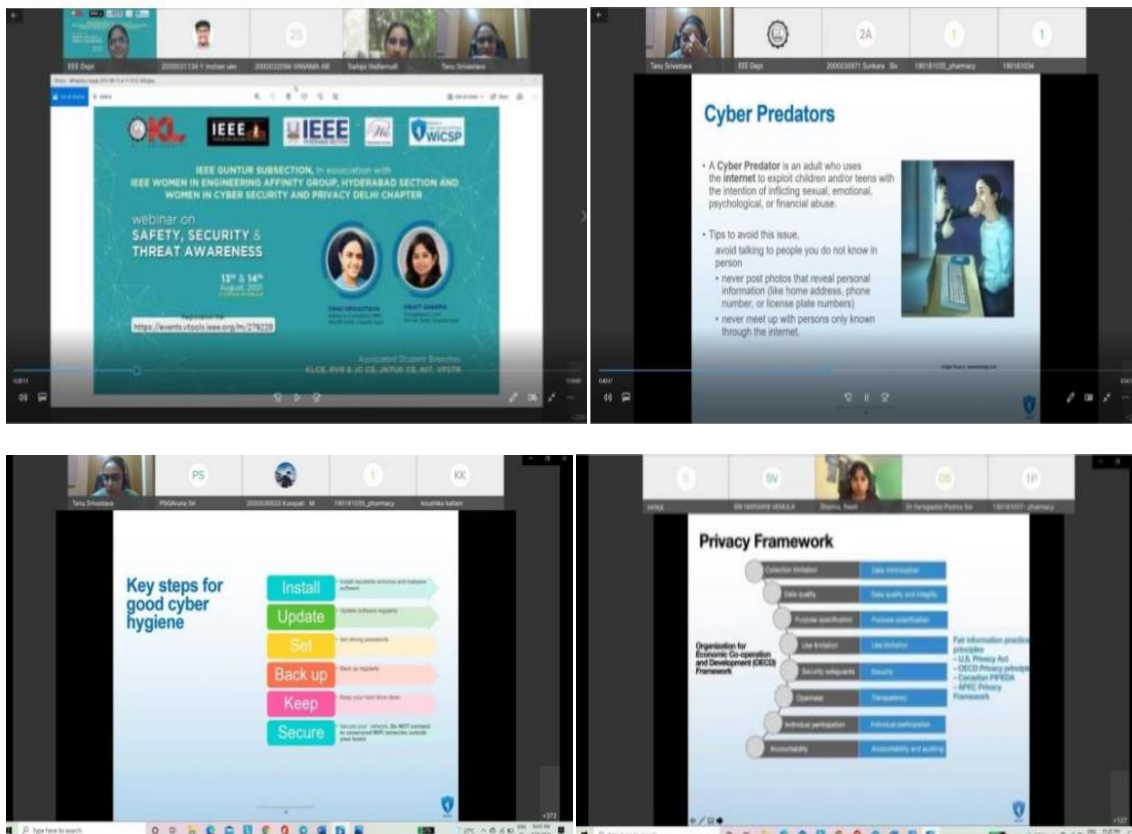

On 14/08/2021 speaker gave a description about personal data, personal data life cycle, privacy protection life cycle, and gave some hints on privacy framework, and gave some technical description on other terminologies as well

Vote of thanks was given by Dr B Jyothi in which she had thanked all the participants, recourse persons, faculty members and students. She told that she had scrutinized all the technical details and wished to learn more. In this webinar total 380 students and 15 faculty members had attended this webinar. She also told that she will try to embellish the experience in future meetings. She wishes to conduct more such events in future.

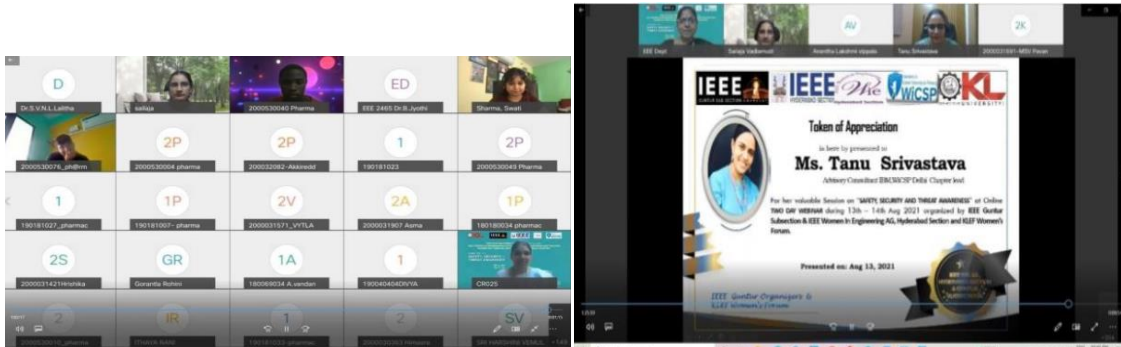

OUTCOMES

The outcomes of organizing a webinar on Safety, Security, and Threat Awareness include equipping participants with a heightened understanding of potential threats and risks, enabling them to make informed decisions to protect themselves and their surroundings. This webinar can result in increased awareness and vigilance, improved safety practices, enhanced cyber and physical security measures, and the development of a proactive mindset towards safety and security. Additionally, it may facilitate networking and collaboration among participants, leading to the sharing of best practices and the formation of a more resilient and secure community or organizational ecosystem.
