### SEMINAR ON CANCER CARE AND IMMUNOTHERAPY

**Date** : 26.02.2020  
**Time** : 09.30 A.M to 11.00 A.M  
**Venue** : Jasmine Hall, KLEF  
**No. of Beneficiaries** : 106

#### OBJECTIVES:

The objectives of the Seminar on Cancer Care and Immunotherapy are multifaceted. Firstly, it aims to disseminate the latest advancements and research findings in cancer care and immunotherapy, providing participants with cutting-edge knowledge in the field. Secondly, the seminar seeks to raise awareness about the potential of immunotherapy in cancer treatment, emphasizing its effectiveness and potential benefits. It aims to foster collaboration among healthcare professionals, researchers, and stakeholders, promoting the exchange of ideas and best practices in cancer care. Additionally, the seminar aims to empower individuals with a deeper understanding of cancer prevention, early detection, and the role of immunotherapy in cancer management. Ultimately, the goal is to contribute to improved cancer care outcomes, increased awareness, and a more informed and engaged community in the fight against cancer.

#### DESCRIPTION:

The Cancer Care and Immunotherapy Seminar, held on 26/02/2020 at KLEF, served as an informative platform to explore the latest advancements in cancer care, with a special focus on immunotherapy as a revolutionary treatment approach. This seminar brought together 106 participants.

The program started with a welcome note by Dr M. Sreedevi, Coordinator Women's Forum KLEF. She introduced the resource person Dr. Ravi Kiran Bobba to the gathering. He explained Immunotherapy is a type of cancer treatment that helps your immune system fight cancer. The immune system helps your body fight infections and other diseases. It is made up of white blood cells and organs and tissues of the lymph system. He also explained that even though the immune system can prevent or slow cancer growth, cancer cells have ways to avoid destruction by the immune system.

He Disseminated knowledge about cancer, its types, and the latest developments in cancer care and immunotherapy. Provide in-depth insights into immunotherapy as a cutting-edge treatment option for cancer.

toward improving cancer care and treatment outcomes. We remain committed to advancing the field of cancer care and supporting those on their cancer journey.

### **OUTCOMES:**

The outcomes of the Seminar on Cancer Care and Immunotherapy are profound and impactful. Participants leave the seminar with a comprehensive understanding of the latest advancements in cancer care and the potential of immunotherapy as a powerful treatment modality. This knowledge leads to improved patient care, more effective treatment strategies, and increased hope for those battling cancer. The seminar's collaborative environment fosters networking and knowledge sharing among healthcare professionals, leading to enhanced interdisciplinary cooperation and innovative approaches to cancer management. Moreover, the increased awareness generated by the seminar

results in more proactive engagement with cancer prevention and early detection efforts within the community. Ultimately, these outcomes contribute to improved cancer care, increased survival rates, and a stronger, more informed collective effort in the fight against cancer. The programme is ended with a vote of thanks to the resource person Dr. Ravi Kiran Bobba, the faculty and Women's Wing of Bio-Technology Department felicitated the Guest, with shall and a memento.
