OBJECTIVES

The objectives of organizing an inter-collegiate girls' fest on the theme "Balance for Better" are to promote and celebrate gender equality and balance in all spheres of life, inspire and empower female students to challenge stereotypes and bias, encourage discussions and initiatives that address the gender gap in education, leadership, and opportunities, provide a platform for girls to showcase their talents and leadership skills, and foster a sense of unity and collaboration among colleges in working towards a more equitable future where gender balance is not only recognized but actively pursued and realized in all aspects of society.

DESCRIPTION

KLEF Women's forum organized FemFlare2K19 on 8th March, 2019 with the theme "**Balance for the Best**". The program is inaugurated at 9:30 A. M in open air theatre by Honorable Vice-Chancellor Dr. L. S. S. Reddy. 5,000 girl students are participated from various engineering, Degree and Post graduation colleges of Andhra Pradesh and Telangana along with in house students. Inauguration is placed at open auditorium. In morning session workshops, spot events and games are organized for students and staff.

Smt. Koneru Kanchana Latha garu, Secretary KLEF address the gathering and she told about building the confidence levels in students, as we all gathered here to celebrate this event, commemorating the political, social and economic achievements of women. Over the decades, the objective of Women's Day celebration has evolved and embraced culture and ethnicity to emerge as a celebration of appreciation, respect and love towards women. Women should also identify their strengths and abilities, and move towards a world of empowerment. On the event of Women's Day, let us all promise to create a better world to live in. A woman in herself is a full circle and complete within herself she has inside her the potency to fight for whatever is right! Her strength, I would like to illustrate her statement with an anecdote. The first lesson that all of us learn start only at home and the rest follows with the kind of attitude we have got instilled in us. Inclusive support if we say, that include each one of us including the men. We together can start with the empowerment right at home, you don't need to learn a lesson for it. For instance we can encourage the ladies at our home, our mother, sisters, and wives to pursue their dreams and excel in their career. A whole hearted support, be over trivial, will boost their self confidence and will have a transforming impact on the women way of life. They can only come out of the pathetic situations that we humans have created. Let's fight it together!! Together we will over any big problem!!

Mrs. Nikhita Karthekeyan, Founder and **Director of Leap India Food & Logistics** gave motivational speech about women entrepreneurs. I get treated to a wonderful show of women talent and capability. The talented and aspirated young ladies sang, danced, mimicked and recited poetry on women power during the cultural program. What really struck me during the brief interaction with them, was others performance. The message I wanted to convey through my speech was exactly this!

“The way in which we think of ourselves has everything to do with how our world sees us and how we see ourselves successfully acknowledged by the world.”-ArleneRankin.

On International Day for women, huge sentiments are expressed about the power of women and many proverbs and poems directed towards women. It is really nice to have a special day for yourself where you are glorified to a point of being dazed, honoured, awarded etc.

A woman is the full circle. Added to this is the indisputable fact that most of the times, it is women who are obstacles to women themselves. Here it's not just women's support that will matter, but men's support also without which true empowerment cannot be achieved. For, men play very important roles–Father, Brother, Grandfather, Uncle, Husband, Son, Teacher, Adviser and Friend

.The influence and mindset of all these roles is extremely vital for the true empowerment of a woman.

OUTCOMES

The outcomes of organizing an inter-collegiate girls' fest on the theme "Balance for Better" include heightened awareness and commitment among students to champion gender equality and balance, the cultivation of leadership skills and empowerment among female participants, increased dialogue and action around addressing gender disparities and biases, the creation of a supportive and inclusive academic environment that actively promotes gender equity, and the establishment of a network of young advocates and change-makers dedicated to fostering a more balanced and equitable society, where the full potential of all individuals, regardless of gender, is recognized and celebrated.
