**Objective:**

In order to raise awareness about Thyroid, the KLEF\_YRC team conducted a rally on the Thyroid awareness program campaign at Nuthaki village on 22-02-2025.

**Description:**

The Youth Red Cross (YRC) students of Koneru Lakshmaiah Education Foundation (KLEF) organized a Thyroid Awareness Program in Nuthaki village as part of their outreach community initiative. The program aimed to educate the local community about thyroid disorders, their symptoms, causes, prevention, and management.

**Program Highlights:**

- **Educational Session:** The students conducted an informative session covering the basics of hypothyroidism, hyperthyroidism, goiter, and iodine deficiency disorders.
- **Nutritional Awareness:** Experts emphasized the role of diet, iodine intake, and lifestyle modifications in maintaining thyroid health.
- **Interactive Q&A Session:** The community actively participated, addressing their concerns about thyroid-related issues.
- **Pamphlet Distribution:** Informative leaflets were provided to reinforce key takeaways from the session.

The YRC-KLEF students of III Pharm. D successfully engaged with the local population, promoting health literacy and preventive care. The initiative was well received, strengthening the university's commitment to social responsibility and community well-being.

**Procedure of the Event:**

1. The KLEF\_YRC team arrived Nuthaki village at around 10 am.
2. They commenced the event by explaining the importance and purpose of the Thyroid gland and the diseases caused by it due to dysfunction.
3. Organized by the YRC volunteers from KL University, Nuthaki village Panchayat in collaboration with local citizens.
4. Engaging activities, especially for the younger generation, were organized to educate about the thyroid-related problems.

### **Outcome of the event:**

1. The event successfully raised awareness about the thyroid diseases among the Community.
2. The KLEF\_YRC team effectively organized the program, ensuring that the main objective of creating awareness was achieved.
3. The volunteers demonstrated professionalism and friendliness throughout the event.
4. Locals of Nuthaki village actively participated and expressed interest in iodine causing thyroid diseases.
