Objective:

In order to raise awareness and educate the community about heart health care, the KLEF_YRC team conducted a rally on an Awareness Program on heart health at vaddeswaram village on 24-02-2025.

Description:

The Youth Red Cross (YRC) students of Koneru Lakshmaiah Education Foundation (KLEF) organized an Awareness Program on heart health in Vaddeswaram village as part of their outreach community initiative. The program aimed to educate the local community about skin disorders, their symptoms, causes, prevention, and management.

Program Highlights:

- Educational Session: The students conducted an informative session covering the basics of identifying and managing risk factors (e.g., high blood pressure, cholesterol, diabetes, smoking).
- check-ups and consultation: encouraged the early detection and management of Blood pressure checks, Cholesterol level testing, Body mass index (BMI) measurements, Blood Glucose testing.
- Interactive Q&A Session: The community actively participated, addressing their concerns about heart related issues.
- Pamphlet Distribution: Informative leaflets were provided to reinforce key takeaways from the session.

The YRC-KLEF students of II Pharm. D successfully engaged with the local population, promoting health literacy and preventive care. The initiative was well received, strengthening the university's commitment to social responsibility and community well-being.

Procedure of the Event:

1. The KLEF_YRC team arrived vaddeswaram village at around 10am.
2. They commenced the event by explaining the importance and purpose of the heart health and the diseases caused that effect the health.
3. Organized by the YRC volunteers from KL University vaddeswaram village Panchayat in collaboration with local citizens.

4. Engaging activities, especially for the younger generation, were organized to educate about the heart related problems.

Outcome of the event:

1. The event successfully raised awareness about the heart diseases among the Community.
2. The KLEF_YRC team effectively organized the program, ensuring that the main objective of creating awareness was achieved.
3. The volunteers demonstrated professionalism and friendliness throughout the event.
4. Locals of vaddeswaram village actively participated and expressed interest in causing heart health and diseases.
