### **Objective:**

In order to raise awareness and educate the community about the importance of immunization and prevention of vaccine-preventable diseases, the KLEF-YRC team conducted a **World Immunization Awareness Program at Tadepalli on 09.04.2026.**

### **Description:**

The Youth Red Cross (YRC) students of **Koneru Lakshmaiah Education Foundation (KLEF)** organized a **World Immunization Awareness Program in Tadepalli** as part of their community outreach initiative. The program aimed to educate the local population about the significance of vaccines in preventing infectious diseases and the importance of following recommended immunization schedules.

The awareness program focused on providing information about common vaccine-preventable diseases and the role of immunization in protecting individuals and communities. Students interacted with villagers and explained the benefits of timely vaccination for children, adolescents, and adults.

### **Program Highlights:**

1. YRC volunteers conducted informative sessions explaining the concept of immunization, how vaccines work in the body, and the importance of maintaining vaccination schedules.
2. Students visited several households in Tadepalli village to create awareness about immunization programs and encouraged families to ensure that children receive all recommended vaccines on time.
3. Awareness leaflets in Telugu were distributed to villagers, highlighting important vaccines such as BCG, OPV, DPT, Hepatitis B, MMR, and COVID-19 vaccines along with their benefits.
4. Volunteers clarified common misconceptions regarding vaccines and addressed concerns related to side effects and vaccine safety.
5. Local health workers and community members participated in the program, supporting the volunteers and helping strengthen awareness about government immunization initiatives.

The YRC-KLEF Pharmacy students actively engaged with the community and promoted preventive healthcare practices. The initiative was well received by the villagers and helped enhance health awareness in the community.

**Procedure of the Event:**

1. The **KLEF-YRC team arrived at Tadepalli village at around 09:30 AM.**
2. The program began with opening remarks highlighting the significance of **World Immunization Awareness.**
3. The awareness activity was organized by **YRC volunteers from KL University** in collaboration with the **local community and village representatives.**
4. Volunteers conducted educational sessions and shared real-life examples of how vaccines prevent serious diseases.
5. The event concluded with interaction with villagers, feedback collection, and expression of gratitude by the community members.

**Outcome of the event:**

1. The program successfully educated **over 250–300 people** about the importance of immunization and disease prevention.
2. Several families expressed willingness to ensure **complete vaccination for their children** according to the immunization schedule.
3. The event increased **awareness about vaccine safety and the importance of timely immunization.**
4. The villagers appreciated the **efforts and dedication of the YRC volunteers** in spreading health awareness.
5. The **KLEF-YRC team successfully achieved the objective** of promoting immunization awareness and preventive healthcare in the community.
